February 15, 2022

Dear Residents, Staff, and Family Members,

As of today, based on the most recent available test results, we have the following update:

- The Harvest Lodge currently has 8 residents who have tested positive for COVID-19.
    - 6 are symptomatic, 2 are asymptomatic, and all are isolating.
- 4 residents who tested negative on February 11 are symptomatic and isolating.
- All residents who previously tested negative will be retested on Friday, February 18.
- No NPHF staff are currently positive or symptomatic.
- 4 AHS Health Care Aides have tested positive for COVID-19.

Because we continue to have a number of positive cases in the Lodge, and active cases in the community remain high, we **strongly** discourage visitors from coming into the Lodge until the outbreak status is lifted by the Medical Officer of Health. If you feel that a visit is necessary, it must be scheduled with the Lodge in advance.

NPHF continues to support virtual connections including Zoom Calls, FaceTime, or the resident's preferred method.

We will continue to update with new information as it comes in.

If you have any questions or concerns, please contact Housing Manager, Kelli Drake at 780-835-2862 or kelli.drake@nphf.ca

Sincerely,

Tammy Menssa
Executive Director
