January 24, 2022

Dear Residents, Staff, and Family Members,

As of today, there are no active cases of COVID-19 at the Harvest Lodge; we currently have one resident who is experiencing mild symptoms and is isolating while we await test results. There are no North Peace Housing or AHS staff who are symptomatic or isolating. If there are no additional positive cases, we hope to be out of outbreak status on January 29, 2022, but that decision rests with the Medical Officer of Health, not the Foundation.

Because we are still classified as being in outbreak status, we continue to discourage visitors from coming into the Lodge. If you are wanting to visit and feel that it is necessary, all inside visits must be scheduled with the Lodge in advance.

NPHF continues to support virtual connections including Zoom Calls, Facetime, or the resident's preferred method of communication.

It is imperative to continue with outbreak prevention measures including immunization, early recognition of symptoms and staying home when sick (even slightly), active health screening upon entry to the Lodge, continuous masking in all areas of the Lodge, and proper hand hygiene.

We will continue to provide updates as the situation changes.

If you have any questions or concerns, please contact Housing Manager, Kelli Drake at 780-835-2862 or kelli.drake@nphf.ca

Sincerely,

Tammy Menssa
Executive Director
