Dear Ms. Menssa:

As recently communicated by ADM David Williams on February 24, 2023, Ukrainian evacuees participating in the Canada-Ukraine Authorization for Emergency Travel program are now eligible for all Alberta Social Housing Corporation (ASHC) housing programs including rent supplement. As part of this, ASHC has been approved additional rent supplement funding to assist any eligible households on your waitlist, including Ukrainian evacuees.

Approved funding is two-fold and based on the ASHC business cycle. Please take note of the differences and treatment of each below.

2022/23 “One-time” Lump Sum – March 2023

You will receive a one-time lump sum payment of **\$41,000** under the Rent Supplement Program for the delivery of Rental Assistance Benefit (RAB) for households within the communities that you serve. As this is a one-time payment, the expectation is your team will manage the funds accordingly within your overall rent supplement program based on attrition and turn-over rates. This amount does not impact your approved 2023 Rent Supplement Budget.

2023/24 – Budget Increase – April to Dec 2023

You will also receive an increase to your 2023 RAB Budget for households within the communities that you serve. This increase will be included starting on your April 2023 monthly payments.

Annual Budget	2023 Approved Budget	2023 Revised Budget
Total	\$206,000	\$239,000

Monthly Pmt.	Jan to Mar 2023	Apr to Dec 2023
RAB	\$17,167	\$20,833
Total	\$17,167	\$20,833

Reporting – Ukrainian Evacuees

We also ask that you track and report to your Housing Advisor the number of Ukrainian evacuees that you have housed and the program where they are housed (Community Housing, Seniors Self-Contained, Seniors Lodge, and Rent Supplement) at the end of each **March, April, May and June**. After June, we will most likely require reporting on a **quarterly basis**.

If you have, any questions do not hesitate to contact your Housing Advisor.

Sincerely,

Philip Henke, CPA, CGA
Director, HMB Operations and Compliance
